

Tenets of Faith

1. We never blame God for hard times. God is good. The devil is bad!
2. Whatever I put up with and accept, God will accept in my life.
3. We must accept the Word as who we are, then press towards that place.
4. The price was paid in full. You can't add to it. Good works and good living cannot purchase what Christ already purchased.
5. Circumstances are not the truth.
6. Circumstances are not your problem. Unbelief is.
7. Faith doesn't wear a watch.
8. Faith starts with words and then goes into action.
9. Faith can grow [like a mustard seed]. Hope starts with, "Things don't have to stay the same."
10. Faith always uses "What can I do? Can I pray? Can I confess the Word? Can I give love? Can I make changes? Can I give?"
